Brief Profile of Bhangar Mahavidyalaya

Bhangar Mahavidyalaya was established as a general Degree College in 1997 in a predominantly Muslim inhabited and agrarian backward area adjacent to the Bhangar Police Station, about 25 Kms from the Science City (Kolkata). It is the only Institution of higher learning within the wide periphery of Bhangar, Haroa, Minakhan, Northern neighbours are Sushil Kar College and Sonarpur College, Rajarhat (Derozio)-Barasat Basirhat & Kalinagar College are in the north and Kolkata. Colleges in the West all are outside the distance of at least 28 Kms. Although a good number of Higher Secondary Schools surround the locality for quite sometime (one of them since way back in 1914), the aspirations of the local intelligentsia for having a Degree-level college went unfulfilled for a longtime. Ultimately, the overwhelming masses of the locality came forward in large numbers with whatever assets they might have had - be it money or materials or even labour and the leadership was provided by a team of dedicated political activists and social workers headed by A. R. Molla, Hon'ble Minister, Govt. of West Bengal, Bhangar-1 Panchayat Samity and Shri Ajoy Chakraborti, Local MP, joined in the

race for raising funds. Thus Bhangar Mahavidyalaya saw the light of the day. The college got affiliated to the University of Calcutta to impart teaching in-Arts (English, Bengali, History, Political Science, Education, Philosophy), Social Science (Economics, Geography and Mathematics) and Commerce (Accountancy Group)-faculties of under-graduate studies. The college has just completed the sixth year of its fruitful existence. While honours teaching in Geography has already been introduced, w.e.f. the academic session 2002-2003, the same in Bengali was introduced w.e.f. the academic session 2003-2004. Plans are a foot to extend Hons. teaching facilities in other subjects in the coming years.

Special mention may be made about the academic environment of this locality within the minority (Muslim) community. Bereft of any opportunity to undertake higher education till the establishment of this college, a large body of Muslim students (at least 50% of the total intake of the college), specially girl students (at least 50% of students are admitted from their community) had a fight within and outside to pave the way for social transformation; in venturing to take up this challenge in an

area where an overwhelming majority of the students from all sections have been engaged as the first generation entity in the domain of higher education.

● OUR AIMS : Goals & Objectives.

THE NATURE CLUB

Once Wordsworth wrote.....

"Have I not reason to lament
What man had made of man"

(Lines written in an Early Spring)

The poet was pointing out how man had moved himself away from nature, even though bountiful nature has so much to offer. The 'Nature Club' of Bhangar will make an attempt to rediscover the many mysteries and beauties of nature.

TALENT FORUM :

Talent, they say, is useless when not used and is not recognised. The "Talent Forum" of the college wishes and hopes to be that platform bringing out the painter, poet and many such hidden talents in our students.
